Three Keys When USC Has The Ball

- 1. Protect the QB.** The USC OL has to keep QB Kedon Slovis upright and healthy all season
- 2. Use the ground game.** In the rain, getting a running game going should help the offense find a rhythm
- 3. No turnovers.** In losses last year, USC lost the TO battle 13-2. ASU forced a lot of fumbles last season

Three Keys When ASU Has The Ball

- 1. Tackle.** Tackling was bad across college football in the early going this year. Important to wrap up.
- 2. Contain Jayden Daniels.** The QB can escape and make plays outside the pocket
- 3. Limit Frank Darby.** The WR is the only returning skill player of note. Caught 3 for 86 and 2 TDs last year
